## PROFILE

**"My goal is to help organisations navigate through the new future of intelligence"**

As a passionate social AI student, I am actively seeking an internship opportunity in Madrid. I am completely blown away by AI & Data Science. My passion for this industry lies in both the consultancy and the technical aspects. With a critical perspective, I explore the newest concepts and issues such as: when is an algorithm discriminatory or unethical?

I invite you to explore my portfolio, which showcases my AI projects and demonstrates my commitment in this field.

## EMPLOYMENT HISTORY

**MOC Evo Marns at Ministry of Defence, Rotterdam**
October 2019 — February 2021

Duties include supporting various units within the Minestry of Defense as a military member.
• Collaborated with/as leaders and colleagues to achieve objectives.

**Callcenter Corona vaccinatie at GGD GHOR**
March 2021 — July 2021

Working with precision and accuracy to ensure that the right vaccines are administered to the correct target groups.

**Student Ambasador at Breda University of Applied Sciences, Breda**
October 2021 — September 2023

I provided campus tours, helped with events, gave presentations, and communicated effectively with diverse groups as a representative of the institution.

**Croupier at Holland Casino, Scheveningen & Breda**
August 2022 — January 2024

Croupier / Dealer at table games. I was skilled in following strict policies and procedures. My attention to detail and stress resistance were crucial in accurately calculating payouts and resolving any problems.

## EDUCATION

**HBO-ICT, Hogeschool Leiden, Leiden**
September 2018 — August 2019

**Applied Data Science and Artificial Intelligence (Engelstalig) , Breda University of Applied Sciences, Breda**
September 2021 — Present

This program has provided me with practical, real-world experience. Topics I have touched on are:

*See next page*

Data Science, AI, ML, DL, Robotics and vision, NLP, MLOps and more. For a showcase of some of the projects I have done, refer to my portfolio.

## EXTRA-CURRICULAR ACTIVITIES

**Member Participation Council at Breda University of Applied Sciences, Breda**

As a member of the Participation Council at my university, I advocated for student interests and collaborated with others to shape university policies and decisions.

## COURSES

**Artificial Intelligence in Marketing, University of Virginia**
January 2022

**For a full list of courses see my LinkedIN**
